2019 **Academic Excellence Award**
2018 **1st place in State IT Fair for Multimedia Presentation** *from Govt of Kerala*

Activities

- Participated in NIUS 17.1 Physics camp organized by Homi Bhabha Centre For Science Education (Tata Institute of Fundamental Research) Bombay from December 2020 to January 2021
- Participated in Solar Urja through Localization for Sustainability (SoULS) workshop organized by IIT Bombay in October 2018

Certifications

- Python for Data science provided by IBM

Course work

- Deep Learning
- Mathematical Foundations for Computing
- Data Structures and Algorithms using C
- Digital Fundamentals and Computer Architecture
- Software Engineering
- Python Programming
- Web Technology
- Cryptography and Network Security
- Topics in Applied Mathematics
- Computer Networks
- Operating Systems
- Machine Learning
- Object Oriented Programming
- Database Management System

Technical Skills

Programming Languages Python, C, C++, Java, SQL, HTML, Javascript

Technical Softwares Scilab, \LaTeX

Basic Utilities Microsoft Office

Operating Systems Linux, Windows

Lingual Skills

English **Advanced**

Con conversationally fluent (Medium of education)

Malayalam **Advanced**

Con conversationally fluent (Mother tongue)

Hindi **Advanced**

Con conversationally fluent
